

Disposal of Chemical Hazardous Waste

The University of Malta has over **300** labs, and most generate chemical waste. A new Standard Operating Procedure ([UNI-OP-003-01](#)) has been designed to streamline the management of chemical waste on campus.

To-date, some **50** members of staff have been trained on this SOP. **Since 2014, 20 tonnes of chemical waste have been packaged and exported to approved collector sites.**

*Do you have an example of good QA practice at your unit which you would like us to share?
