

## Positive QA initiatives by MATSEC

As from 2016, [MATSEC](#) started asking candidates for anonymous feedback following examination sessions. The feedback received is analysed and collated in reports which are made available [online](#).

During the same year, MATSEC also started a process to adopt the same format in all examination papers. Students were consulted in order to identify the font which they perceived to be the clearest, and the chosen font (Verdana) is now used in all examination material. The results of this research are also available [online](#).
