## Introduction

This syllabus is based on the curriculum principles outlined in *The National Curriculum Framework for All* (NCF) which was translated into law in 2012 and designed using the *Learning Outcomes Framework* that identify what students should know and be able to achieve by the end of their compulsory education.

As a learning outcomes-based syllabus, it addresses the holistic development of all learners and advocates a quality education for all as part of a coherent strategy for lifelong learning. It ensures that all children can obtain the necessary skills and attitudes to be future active citizens and to succeed at work and in society irrespective of socio-economic, cultural, racial, ethnic, religious, gender and sexual status. This syllabus provides equitable opportunities for all learners to achieve educational outcomes at the end of their schooling which will enable them to participate in lifelong and adult learning, reduce the high incidence of early school leaving and ensure that all learners attain key twenty-first century competences.

This programme also embeds learning outcomes related to cross-curricular themes, namely digital literacy; diversity; entrepreneurship creativity and innovation; sustainable development; learning to learn and cooperative learning and literacy. In this way students will be fully equipped with the skills, knowledge, attitudes and values needed to further learning, work, life and citizenship.

### **What is the subject? Give a general definition.**

Theatre is an expressive art form that brings together a number of skills in order to create live performance.

SEC Theatre will lead candidates to a set of skills that can be built on to engage in theatre at different levels in their life. Candidates will acquire a body of knowledge that helps them look at theatrical performance critically, as well as use critical thinking skills to engage with new experiences in life. Candidates will become more aware of their being, both physical and emotional, and develop added self-confidence and problem-solving skills.

### **What does a study of the subject entail?**

Studying Theatre at SEC level will involve learning to be in control of one's body in order to communicate in everyday life and in performance. Besides learning skills related to expression, body movement and use of voice, students will also learn how to create performance material through work on texts and other sources as well as through improvisation. The candidate will acquire a basic knowledge of the major skills involved in theatre-making, such as designing and setting up lighting and sound, make up, costuming and scenery. As part of their studies, candidates will also learn to appreciate other people's performances and discuss them in suitable language by making use of a variety of critical tools, including a knowledge of the history of theatre and stage technology.

### **How is the subject related to candidates' lives, to Malta, and/or to the world?**

Candidates following this syllabus will acquire performing skills related to movement, voice and interpretation. It will also enable candidates to relate to others in a way that is fair, respectful, tolerant and empathic. It will give candidates control over their body and emotions in order to respond to different situations. Candidates will acquire an awareness, and develop a critical appreciation of theatre in Malta. Candidates will also learn about different genres and styles of theatre coming from different cultures.

The aspirational programme learning outcomes for this subject are:

**At the end of the programme, I can:**

1. use a clear and controlled voice, projection and good diction.
2. make use of different voice textures.
3. make good use of body language and facial expressions.

Candidates are to satisfy the examiner in Paper I and Paper II to obtain a level higher than 1

### Paper I - School Based Assessment: (30% of the total marks)

The school-based assessment shall be marked out of 100 each year (9, 10 and 11). The assessment for each year will contribute to 10% of the overall mark and will be reported to MATSEC by the school in Year 11. Therefore, each year will equally contribute to the final mark of the school-based assessment. The school-based assessment shall reflect the MATSEC syllabus covered in Year 9, Year 10 and Year 11.

School-based assessment can be pegged at either of two categories:

- SBA at categories 1-2 must identify assessment criteria from these two levels. It is suggested that ACs are weighted at a ratio of 40% at Level 1 and 60% at Level 2.
- SBA at categories 1-2-3 must identify assessment criteria from each of Levels 1, 2, and 3. It is suggested that ACs are weighted at a ratio of 30% at each of Levels 1 and 2, and 40% at Level 3.

The mark for SBA at level categories 1-2 presented for a qualification at level categories 2-3 will be calculated to 60% of the original mark. The mark stands in all other cases.

### Paper II - Controlled Assessment (70% of the total mark)

**Written Examination 1 hour 40 minutes (100 marks) and 20 minutes live performance (100 marks).**

**Controlled Assessment will:**

- cover all learning outcomes including all learning outcomes which are not indicated to be covered through SBA;
- be marked out of 100 marks (written) and 100 marks (performance).

**Notes on the structure of the controlled paper at each tier (1-2, 2-3).**

The written paper will consist of three sections that will require information about theatre history, design and health and safety.

The performance section will consist of a solo performance of 2-3 minutes chosen from the Set List provided<sup>6</sup>, an Improvisation exercise of 1-2 minutes and a journal specifically designed for the monologue, followed by a short interview related to the work presented.

**Private Candidates**

Private candidates will not be expected to carry out any school-based assessment as school candidates. Instead, private candidates need to sit for another Controlled paper as an alternative to the school-based assessment. Private candidates will be assessed through the means of TWO Controlled papers, one of which is common with school candidates.

**Paper I – Controlled Assessment - Private Candidates Only (30% of the total mark)**

**Written Examination 1 hour 40 minutes (100 marks) and 20 minutes live performance (100 marks).**

Paper I for private candidates shall be a controlled assessment assessing levels 1, 2 and 3 as described in the respective syllabus and set and marked by MATSEC. It shall mainly focus on the learning outcomes marked in the respective syllabi as suggested for school-based assessment.

Learning outcomes with assessment criteria in the psychomotor domain can be assessed by asking questions in pen-and-paper format seeking understanding of the activity.

The first controlled assessment will focus on the learning outcomes identified for school candidates’ SBA. The written paper will be an hour and 40 minutes long and will consist of two performance analysis questions.

The performance section will be 20 minutes long and will consist of a solo performance based on a devised monologue of 2-3 minutes using a puppet/mask of their own making. An Improvisation exercise with the use of puppet or mask of candidate’s own choice of 1-2 minutes and a journal specifically designed for the monologue, followed by a short interview related to the work presented.

The second controlled assessment paper is common with school candidates. The written paper will consist of three sections that will require information about theatre history, design and health and safety.

The performance section will consist of a solo performance of 2-3 minutes chosen from the Set List provided, an Improvisation exercise of 1-2 minutes and a journal specifically designed for the monologue, followed by a short interview related to the work presented.

Notes on controlled papers can be done by means of a table, as shown:

<b>Paper I</b>	<b>2 hours</b>	<b>Paper II (common with school candidates)</b>	<b>2 hours</b>
Candidates answer all questions assessing level 1, 2 and 3. Written paper questions include two performance analysis questions		Candidates answer all questions assessing level 1-2 and level 2-3. The written paper will consist of three sections that will require information about theatre history, design and health and safety.	

<sup>6</sup> See Appendix 9

Controlled performance will include solo performance of candidate's own choice, improvisation, journal and interview.	Controlled performance will include solo performance from the Set List, improvisation, journal and interview.

**Appendix 6:****List of Theatre History periods.****Ancient Greece**

To be discussed as the foundation of the European tradition in theatre. Students are to learn about the main **genres** found in ancient Greek theatre (**tragedy** and **comedy**) and something about the **context** in which they were performed (political and religious life in Athens, festivals). Candidates should be able to refer to the work of the major writers of tragedy (at least to know the theme and the structure of a couple of tragedies) and to at least one comedy by Aristophanes. A basic knowledge of theatre architecture is expected (form, function and context).

**Commedia dell'Arte**

Knowledge of Commedia dell'arte should include a basic knowledge of the economics behind it (**professional** performers, market towns, **court theatres** etc.) and a good understanding of the workings of *commedia* (the fundamental importance of the **mask**, the way a **troupe** functioned and **trained**, as well as the concept of **improvisation**). The candidates need to be familiar with the main **roles/** characters.

**Elizabethan Theatre**

Candidates are to be knowledgeable of the developments that took place in English theatre during the Elizabethan age. This will include familiarity with the architecture and function of **public theatres** of the time, as well as the concept of **patronage** and **court theatres**. Candidates will also be able to refer to **Shakespeare's** plays, being able to distinguish between **tragedies**, **comedies** and **history plays** and refer to examples.
